Student Section:

My signature below indicates that I have submitted my application online and that I intend to adhere to the Summer Research program as described in the 2009 Summer Research Project Guide. My full participation in this program will culminate in a presentation at the Research Forum as well as a stipend provided in two payments.

Some of the responsibilities associated with this program include reporting to the lab/mentor on Monday, June 15, 2009 (one week prior to the beginning of Summer Quarter) to begin the project and attending the activities identified in the 2009 Summer Research Project Guide. This includes the Summer Research seminars as well as the Cluster Group meetings. (Any date conflicts are noted in my application.)

All assignments will need to be uploaded on time and validated by my mentor. Assignments will need to be validated prior to the receipt of stipend payments.

I will work closely with my mentor on my final paper and presentation and will present my research project on the date and time that will be assigned to me (either August 26th or August 27th). I will also attend the Closing Celebration on August 28th.
